

WELCOME TO CAMP TAHQUITZ!

We understand the importance of planning, and we at Tahquitz would like to help you. This guidebook is a great place to start, as it will give you all the information that you will want to prepare for your week at Tahquitz.

A week at camp can be a fun and exciting adventure for your entire troop. However, it will take some time and effort to prepare your troop to get the most out of their week at Tahquitz. Because different individuals in your troop will be helping get the troop ready, instead of a single guide we have prepared 8 separate sections. This way you can print out a specific section for each person who is helping you prepare. We have also placed PDF versions on CampMaster for your use to download and print.

Although we have tried to anticipate every question that you might have, there is bound to be something that we forgot. In that case, please do not hesitate to contact us!
