## 100 years of Service

A Scout is Helpful- As part of our Centennial Celebration, we invite you to participate in all or one of the following service projects.

### **Goldstar Manor**

Saturday, April 6, 2019

9am-2pm

3021 Gold Star Drive  
Long Beach, CA 90810

American Gold Star Manor, an independent living facility, offers low-income seniors a unique place to live. The facility got its name from the American Gold Star Mothers organization, which was formed after World War I. When a son or daughter went off to war, mothers would hang a flag in their window featuring a blue star in a field of white in support of their child's service. When a son or daughter was killed, a gold star covered the blue star. President Woodrow Wilson referred to these women as "Gold Star Mothers." The women united and created the American Gold Star Mothers organization

Come and help us finish preparing the facility for our Veterans. We will be cleaning benches and patio furniture and adding a fresh coat of paint as necessary throughout the facility. We will also be helping with some landscaping.
