L.B.A.C. 2019 Centennial Camporall Welcome Invitation!

Welcome to the Long Beach Area Council's Centennial Camporall celebration! It is not often that an organization is able to celebrate one hundred years of serving our youth as they grow into tomorrow's leaders. We are pleased that your Unit will be joining us. Show your *Scout Spirit* by registering early to allow the Camporall committee adequate time for planning campsite and activity layouts.

What exactly is a *Camporall*, you may ask? Generally, it is a council-wide camping event involving Patrol competitions based upon a central theme. It concludes with a campfire comprised of awards, presentations, skits, and songs. Sometimes a service project is involved to thank the host facility for their hospitality. A *Scout's Own* service takes place on Sunday morning, thanking our Creator for this fellowship opportunity.

The L.B.A.C.'s Centennial Camporall, themed as ***Scouting Through the Decades***, will include these features and more. Importantly- it is open to ALL level of Scouts, from Lions through Venturing, including Ships and Explorers. The coed activities will be broken up in levels appropriate for Cub Scouts, Webelos, Troop-level Scouts, and older Scouts. While the events for Webelos and up will be competition-based; the Lion, Tiger, Wolf, and Bear activities will be educational and fun. In following the theme of the Camporall, the weekend will provide an opportunity to learn about our area's history.

As our younger Cub Scouts are being invited, of necessity this event will be a Family Camping experience. Throughout the day there will be a range of activities sure to entice the whole family to attend. From the Art Gallery to the Japanese Gardens, from visiting Rancho Los Alamitos to splashing in the wading pool, there will be activities available that will appeal to all ages. And we'll have food trucks!

But what happened to the Cub-Boo-Ree? Isn't this the same traditional weekend for this fun event? Yes, it is, and the same folks that bring you the C-O-R are helping to plan and staff this Camporall, with many of your favorite games and activities to be included. The traditional Cub-Boo-Ree will be returning in 2020.

We will end the day with an excellent Campfire. Can we conjure up the *father of Long Beach*, Jotham Bixby, from the mists of time to help hand out awards? Come and find out as we sing along with and enjoy videos dating from the 1920's. See you at the Camporall!

- Bob Colley, Centennial Camporall Chair

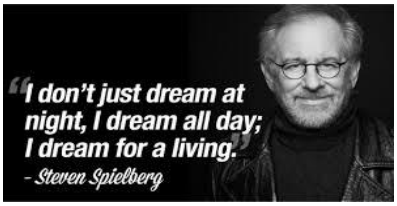
CAMPORALL GENERAL INFORMATION

Venue

The LBAC 2019 Centennial Camporall will generally be held on the Intramural Fields (IM Fields) located on the campus of California State University at Long Beach. Additional activities will take place on the softball and Hammer fields, Kinesiology and Science Buildings, Outpost lawn, and Friendship Court.

CSULB, also known as *"the Beach*", has a total undergraduate enrollment of over 31,000 students and the campus size is 322 acres. Its ranking in the 2019 edition of Best Colleges is Regional Universities West, #26. The school's Mascot has recently been updated to "*the Sharks*."

The campus is host to the *Shark Lab*, made famous on *Discovery Channel's Shark Week* program. Dr. Chris Lowe is the director and the lab jointly conducts shark-related research with the Monterey Bay Aquarium.



Famous Alumni include Singers Karen and Richard Carpenter, Bobby Hatfield, and Bill Medley; Directors Steven Spielberg, Chris Carter, and John Dykstra; Comedian Steve Martin; Disney Imagineer Tony Baxter; Politicians John Moorlach, Dana Rohrabacher, Beverly O'Neil, and Gerald Desmond; and Sports stars Misty May-Treanor, Byron Russell, Mark Shea, Paul Goydos, Jered Weaver, and Evan Longoria; among many other illuminati. George Allen was a former football coach at Cal State Long Beach (YES, we had a football team!).

Registration

Registration is available online at http:www.longbeachbsa/centennialcamporall. Most forms of credit cards are accepted. Each participant must be registered and pay all fees online. The registration deadline is October 14. Youth participants under 18 years old must be accompanied by an adult parent or guardian (for Scout-age youth this can be Scoutmasters or ASM's) that is also registered for the event. Scouts who participate in Archery or slingshots and Climbing or Swimming must possess and show the **CONSENT FORMS** (page 20) to the appropriate activity directors. A form signed by a Unit Leader acknowledging that the latest edition of this form has been read will be required to formally check in.

PLEASE NOTE: Types "A" & "B" Medical Forms will be maintained by each Unit. Consent Forms will be required for individuals to participate in Archery or slingshots and Climbing or Swimming. Special wristbands will be issued to identify appropriate participants.

*** Can I bring my other children to this event?**

- YES, this is a family event, siblings are able to attend for an additional cost.

Event Costs

The Participant Early Registration Fee is $35 per person for each Scout or youth attending, $25 per adult. On October 01 these fees increase by $5 ($40 & $30). Walk-ins on the day of the Event (or after October 14) will enjoy a fee of $45. All participants must pay the full fee, even if only attending on Saturday. This is due to the costs involved in providing this event, which primarily take place on Saturday and involve youth-related activities. NEWLY registered (1st time) Cub Scouts may attend at no cost but the adult partner will need to pay the Camporall Fee.

Participants include all Cub Scouts, one parent or guardian per Cub Scout (only one parent or guardian required for siblings if in the same den or patrol), all Sea Scouts/Scouts and registered Sea Scout/Scout Leaders.

Arrival & check in / check out

Each unit must send a Designee to check in on Friday between 4-9 PM at the Registration station located near Parking Lot E4. Late arrivals are accepted with prior notification to event staff. Saturday check in is available from 7AM – 9AM. Check-out on Sunday begins at 9:00AM (the fields must be clear by noon). Units must present a clean and clear site for check out.

Unit Designee may only check-in/out participants who are their direct responsibility. Expected participant Rosters must be presented to Registration staff. Designee will be provided with appropriate participant wristbands for distribution to respective units. Wristbands must be worn at all times during the Camporall.

The Load Out

Parking Lot E4 (located immediately adjacent to the campsites) is available for short periods to allow for gear unloading on Friday afternoon & evening and again on Sunday morning. Your vehicle will need to be moved to the overnight parking lot after 15 minutes to allow for fellow campers. Lot E4 may be accessed from State University Drive off Palo Verde Drive. Follow the Camporall signs. It is suggested that each unit have carts or wagons available to assist unit members with gear and further that unit members work with each other in setting up camp, especially helping those with limited camping experience.

- **Participants will drop off their gear at the designated drop off location** and immediately return their vehicle to the designated parking area.
- **Portable carts or wagons are strongly encouraged to haul gear to your camp site.**

Extra Credit Point: Find the Camporall Chair. Tell him who wrote “the Loadout” and what it is about. Another extra credit point: A different singer finishes the song while imitating a famous 60’s era group. What is the name of the second group? Hint: Think of New Jersey.

Parking

Day parking only is available in many lots around campus, with the most convenient being the Palo Verde South Parking Structure, which is just a short stroll away from the event. Follow the signs from the parking lot to the event. Cost to day park is $10/day and will expire on the same day. Parking vending machines are readily available and accept cash and credit cards. You will need to enter your vehicle license plate number and do not need a receipt. Hint: Take a pic of your license plate with your phone.

All weekend parking with in-and-out privileges is also available for a pre-paid cost of $20.00. You must use specific lots G13 and Parking Structure top floor. A special pass will be issued that must be placed on your vehicles dash. Parking will be pre-paid through the registration web page. All weekend parking MAY be available on the day of the event for $40.00 if not previously purchased.

Please follow all University rules for parking and speed limits as posted on signs. The University has established its own police force which is separate from the Long Beach Police Dept. The LBAC is not responsible for tickets, towed vehicles, or vehicle damage.

All vehicles must be parked in designated parking areas. Parking is not permitted at campsites and there is **no driving on the grass**.

Carpooling is strongly encouraged.

Disability Access

CSULB is an ADA-accessible facility. This includes bathrooms, buildings, and parking. The Camporall takes place primarily on a flat grassy field which should be accessible to “off road-style” chairs. Please contact the Event Chair if you have questions about access, and we will try to accommodate you as best as possible. Handicap parking spaces are available in all lots.

First Aid

Fully trained emergency medical staff will be available on a 24-hour basis during the entire event. They are outfitted with a wide range of emergency equipment.

Units are required to bring their own First Aid Kits for members use during the event. Minor incidents will be handled by the unit while major or life-threatening emergencies will be escalated to the On-Site Medic. All prescription and non-prescription medications will be under the authority of the Unit Leadership. Medical Forms “A” & “B” for ALL participants are to be maintained by Units.

NOTE: In case of an Emergency situation- IMMEDIATELY call 911!! Then alert event staff.

Prohibited Items

Do not bring alcoholic beverages, illegal (or mind-altering) drugs, any type of liquid fueled device (White gas, Kerosene, etc.), play or real weapons, firearms, archery equipment, sheath knives, fireworks or pyrotechnics of any sort. Since this is an outdoor Scouting event- the use of radios, electronic games, tablets, computers, or other electronic equipment by the Scouts will not be allowed during the event. Adults are also discouraged from bringing or using these devices as an example to the Scouts.

NOTE: Electronic devices of any kind will not be allowed to be used while participating in any of the activities. This especially includes cameras and GPS devices. Cameras may be used for saving memories, but not for illicitly accumulating points (Kim's Game). Analog Compasses will be used for navigation events.

Campsite Set-up

Unit Campsites will be designated by lines painted on the grass and will include a sign listing your unit number. Please stay within the confines of your designated space. Sprinklers have been deactivated for the duration of this event and will be **marked for avoidance by stakes**. Standard-length tent stakes are acceptable for use in the campsites, but do not dig holes or damage the grass as this will result in a charge to your unit. Generators are not allowed at this facility. Units are encouraged to erect a delineation boundary around the campsites, such as a rope line, etc.

Campsite Clean-Up & Trash

Campsites must be inspected by staff prior to departure of the members of your Unit. Participants are responsible to "Leave No Trace" at their campsites. Pick up all trash, remove all personal gear, and ask for a campsite inspection at the Registration Station before leaving.

Trash receptacles are available for your use but do not overfill and leave trash on the ground. Ask maintenance staff for assistance if additional trash receptacles or bags are needed. Be proactive and secure full bags, making sure to install fresh bags as needed for other campers.

Gray water disposal barrels are also provided. Do not overfill them or dump water on the grass.

Leave the site as pristine as you have found it, or better!

Fire Safety

Open uncontrollable fires of any kind- such as campfires or charcoal- are prohibited on Campus. Use only approved butane/propane gas camp stoves for cooking purposes.

Meals

Meals are not provided to attendees as part of the camp. It is recommended that Individuals plan arrangements with their units or bring their own food. Please bring coolers to store food, as bags may attract unwanted attention by nearby wildlife. CSULB is home or range to coyotes, fox, raccoons, squirrels, and SHARKS among other wild beasts.

Remember- do not eat or store food in your tents. Use the 3-pot method for washing dishes. DO NOT wash dishes near the water spigots or dispose of gray water on the fields or landscaped areas or bathroom facilities (including porta potties).

Food trucks will be available for use by Saturday-only non-participating visitors. These facilities are not intended for use by participants that will be eating with their Units.

Staff meals will be provided, including breakfast on Saturday and Sunday, and lunch & dinner on Saturday. A Friday evening cracker barrel will be provided for Unit Leaders (& SPL's) on Friday.

2019 Centennial Camporall Rules, Regulations, and Advice

- The following is wise guidance for behavior expectations at this event: A Scout is Trustworthy, Loyal, Helpful, Friendly, Courteous, Kind, Obedient, Cheerful, Thrifty, Brave, Clean, and Reverent.
- **Fires: All fires must conform to the local Fire Marshall's regulations. Campfires of any kind are prohibited in the camping areas. Cooking is allowed using approved butane or propane gas-powered camping stoves with the stoves set on top of plywood or strandboard sheets to protect the grass. Charcoal or wood fires are not allowed. At no time may an open fire be left unattended. Please provide adequate fire extinguishers. Gas-fueled stoves and lanterns must follow Safe Scouting guidelines.**
- Quiet Time: Lights out at 10 P.M. Staff and Campus Police enforced. We have neighbors to the north, so let's be Good Scouts and not disturb them.
- Remain inside the designated campsite area during evening hours. Do not wander around Campus.
- Please respect Campus property. Units will be held responsible for any damage to the Campus that occurs due to member negligence or bad behavior.
- Entrance gate closes at 9:00 P.M. on Friday night for check-in and reopens at 7:00 A.M. Saturday morning.
- Units to follow all Safe Scouting guidelines.
- Trash disposal, water, toilets, and gray water disposal sites will be provided.
- Camp Cleanliness: Each Unit will be held responsible for the area in and around its assigned camping space, as well as the cleanliness and behavior of its members. This will affect your ability to check out and receive your patches.
- PLEASE! NO PETS IN CAMP! Approved Service Animals are allowed.
- Camporall follows the Boy Scouts of America Policy concerning the use of alcoholic beverages, drugs, or other mind-altering substances
- Smoking on campus is prohibited. There is a near-by center allowing smoking.
- Scouts, Scouters, and their guests will be expected to avoid profane or offensive language and gestures.
- Sandals or open-toe shoes are not allowed to be worn by Scouts during this event. Closed-toe shoes or boots must always be worn by Scouts while on Campus, other than while swimming.
- Grocery stores are nearby. Food trucks or a Campus cafe will be available for non-camping family members.
- Vehicle parking is restricted to the designated lots or parking structures (see parking section for more details). Under no circumstances are Scouts (or others) to be allowed to ride in the beds of trucks or outside of any vehicle. There will be limited close access to the camping area during check-in and check-out to facilitate loading. This access will be closely controlled and monitored by the Camporall Committee. Please cooperate.

- DAMAGES- Your Unit always agrees to properly supervise its members while on Campus and will pay for any damages to the facility or equipment.
- Check out: All Units must clear through the Camporall Committee prior to leaving. Your campsite will be inspected for “leave no trace.”
- Special permission slips will need to be signed prior to participation in certain activities such as Archery, Climbing, or Swimming.
- Scouts! Always remember to use the Buddy system while on Campus.
- Uniforms: Class “A” uniforms to be worn by Scouts and trained adult leadership while traveling to and from the Camporall, to the closing Campfire, and Scouts Own. Class “B” dress is appropriate during the day while participating in Camporall activities.
- “Provisional Units”- If your unit is smaller and wishes to be ‘partnered’ with another unit, please indicate this on the registration form and the Camporall committee will try to accommodate you. What does this mean? Some groups may wish to attend and camp but hold off due to not having enough participants. We may be able to assist by placing your group with another small unit, or perhaps a large one. Many hands make for small work.
- “Lone Scouts”- same as above: should a Lone Scout wish to participate, we may be able to place him or her into an existing Patrol for the event.
- Overly large Patrols- the recommended standard size for a Scout Patrol is 6. A little larger than that is acceptable. An overly large Patrol might be 10-12 or more. That’s too large for the Scouts to participate easily in the Camporall activities. Please consider breaking these largerr groups into a manageable size by creating “A” and “B” Patrols.
- This Camporall is an ambitious project and for it to succeed we will all need to pull together and help in some way. With your cooperation and support we can all enjoy a National-level quality Centennial celebration. We need the Units to participate in staffing the activities and other Camporall group functions.
- Participants or visitors that violate these Policies or who become disruptive to others will be required to leave the event. Fees will not be reimbursed.

SCHEDULE - 2019 CENTENNIAL L.B.A.C. FALL CAMPORALL

Friday

4-8 P.M. – Check-in, set up camp

6-9 P.M. – Haunted House

8-9 P.M. - Cracker Barrel, Leaders Meeting

10 P.M. – Lights out

Saturday

7-8:30 A.M. – Check-in, set up camp

7-8:30 A.M. – Breakfast, clean up camp

8-8:30 A.M. – Leaders Meeting (if warranted- may elect to have a special one the week prior to the event)

8:30-9 A.M. – Opening Ceremony

9 A.M.-12 noon – Morning Events

NOON – 1:30 P.M. – Lunch, Break

1:30-4:00 P.M. – Afternoon Events

4:00-6:00 P.M. – Dinner Break

6:00-8 P.M. – Campfire and Council's Birthday Party

8-9:30 P.M. – Movie

9:30-10 P.M. - Cracker Barrel

10 P.M. – Lights out

Sunday

7:30-8 A.M. – Scout's Own service

8-9 A.M. – Breakfast

9 A.M. – Break down camp / checkout

General Camporall Activities

Family Activities

Visiting family members are of course encouraged to follow their Scouts around during the event. Take lots of pictures for the Scout's future Eagle Court!! Family members are also welcomed to visit the following attractions: Campus Art Gallery (UAM) located in the Horn Center building, the Japanese Garden (morning only due to weddings), or nearby Rancho Los Alamitos (located behind the Bixby Hill gates).

Food service for visitors only will be available from the food trucks or Outpost Grille. Participants are asked to prepare their meals with their respective Units.

Haunted House

The traditional Cub-BOO-Ree Haunted House will be set up inside the Kinesiology Building's East Gym (KIN) on Friday evening. All are welcome to visit this scary aberration- if you dare!! Trick-or-treating will be optional and will take place within the designated campground area as available.

JOTA / JOTI

A Jamboree-on-the-Air activity will take place near the pool. This is an opportunity for the Scouts to communicate with other Scouts around the world by utilizing HAM radios and the Internet.

What is JOTA-JOTI?

Jamboree on the Air – Jamboree on the Internet (JOTA-JOTI) is a fun and exciting annual experience for all young people in Scouting using the widest range of technology communication channels to educate, promote cultural awareness, develop tolerance, as well as enhance sharing, collaboration and teamwork, along with building a sense of belonging to the worldwide Scout Movement. It is a "travel-free" Jamboree that takes place wherever you are in the world. Connections between Scouts are made over amateur-radio links and the internet.

Adult (Scouter) Activities

The Order of the Arrow is hosting a Golden Spoon competition for Scouters in the late afternoon. See guidelines on page #22 towards the end of the Guidebook.

Adult attendees, especially registered Scouters, may be asked to assist in staffing the event. A collectible *STAFF* t-shirt and Patch will be presented to you for your service.

* Most of these activities are an easy stroll from the Camporall site. The Japanese Gardens are a bit further but may be reached on foot. Rancho Los Alamitos is further still and is best reached by vehicle.

Cub Scout Information

A special welcome to the LBAC Centennial Camporall. Cub Scout-aged youth are not often invited to competitive events of this nature. However, we are all celebrating 100 years of Scouting in our area and thought it would be great for ALL of Scouting's ranks to spend the weekend together in celebration. The activities slated for the Lions, Tigers, Bears, and Wolves are more along the lines of being "FUN" rather than competitive. The Webelos will have the choice to compete in selected activities (see the following Webelos Events section), plus the Cub activities.

All Safe Scouting rules apply during the Camporall, such as one-on-one accompaniment with a parent or guardian and use of the Buddy System as applicable.

Cub Scout Activities

Science Learning Center Lab

Your Den will be issued a time slot allowing for a visit to the SCIENCE LEARNING CENTER. This is a non-judged activity provided by CSULB to acquaint you with the School of Science and will include opportunities to conduct experiments. Located on the 1st floor of the Science Building. May include Lion, Tiger, Wolf, and Bear requirements.

[WEBELOS will have a separate, but similar activity- see Webelos section following.]

Swimming (SRWC Building)

All levels of Cub Scouts (including Webelos) will have access to the large SRWC wading pool from 1-4 pm on Saturday. Swim check is not required. A specific time slot will be allocated for each Unit. The Consent Form on Page #20 must be completed and exchanged for an appropriate wristband at the check-in station located near the pool-area entrance (SRWC). The pool is for youth only. Bleachers are provided near the pool for parents and guardians. Smaller pool toys are allowed but water guns are not (Beach balls are great!). Tents should be utilized for changing into swimsuits as changing facilities and lockers near the pool are not available. Bathroom facilities are provided (please remind Cubs NOT to use the pool for this necessity).

Additional Cub Scout activities are listed in the following chart on Page #12:

[Other than the Science Building activities, all Cub Scout activities are also open to Webelos.]

ACTIVITY	UNIT	AREA	DESCRIPTION
SHOOTING SPORTS			
Slingshots*	Council Shooting Sports Committee	IM Field	Sling Shooting Gallery using dogfood to shoot at several Targets. ***Achievements:*** *Shooting Sports Patch (By Rank), Shooting Sports Pin*
Archery*	CSLUB Archery Club	Softball Field	Archery by Cal State Long Beach Archery Club. ***Achievements:*** *Shooting Sports Patch (By Rank), Shooting Sports Pin*
Gaga Ball *	Troop 75	IM Field	A compact last-scout-standing game of dodge ball. ***Achievements:*** *Games Tigers Play [T] (1);* *Paws of Skill [W] (4,6)*
Open Swim Time	SRWC Staff	SRWC	Wading pool is open between 1-4 pm. SRWC permission form and wristband are required for entrance. Bleachers are available for parents.
Inflatable Obstacle Course		Outpost Lawn	Challenge another den to see who can make the quickest Time! ***Achievements:*** *Games Tigers Play [T] (1);* *Paws of Skill [W] (4,6)*
Leather Crafts		Kinesiology Courtyard	Leather Stamping.
Paracord		Kinesiology Courtyard	Survival Bracelets and Keychains.
Chess		Kinesiology Courtyard	Challenge your friend to a game of chess.
Haunted House		Kinesiology East Gym	Be thrilled by a (not-so) Spooky house!
Stomp Rockets		IM Field	4 Launch pads to launch from.
Cub Scout Science	CSULB	Science Building, Science Learning Center Room #110	Science based activity for Lions, Tigers, Wolves, & Bears
Webelos Mammals	CSULB	Science Building, Mammals Lab Room #111	Mammals activity for Webelos

Webelos Scout Information

Webelos Scouts are in an in-between world- not yet Scouts, but not completely Cubs any longer. With that in mind, the Camporall staff has provided an in-between experience for this group. Because they are still Cub Scouts, Webelos may participate in any or all the Cub Scout activities (as listed in the chart above)- including Archery and Swimming. Webelos may also choose to participate in 3 Webelos-only competitive activities (as listed below), with awards being presented to Patrols at the closing campfire. Just like the older Scouts.

Additionally, Webelos Patrols may compete against other Webelos Patrols in the Patrol Flag competition. There is also a Webelos-only activity available in the Mammals Lab.

More fun: your Patrol will find some historical questions sprinkled throughout the competitive activities; correct answers are good for extra points!

Webelos Scout Activities

First Responder (First Aid) 1950s

Patrol Task: Your Patrol will be provided with all the materials needed to demonstrate that you know how to treat the following:

A. Cuts and scratches
B. Burns and scalds
C. Sunburn
D. Blisters on the hand and foot
E. Tick bites
F. Bites and stings of other insects
G. Venomous snake bite
H. Nosebleed
I. Frostbite

Points will be scored for knowing the Scout Oath; correct first aid skills; participation and teamwork; following instructions.

Camper (Tents) 1980's

Patrol Task: Your Patrol will be provided with an unassembled tent and asked to demonstrate the following:

#2) Determine where to set up the tent. What makes a good or bad tent site? Set up the tent without assistance from adults.

Points will be scored for each correct response in explaining what makes a good or bad tent site, accuracy and time in setting up the tent, participation and teamwork, following instructions.

Camper (Bowline) 1990's

Patrol Task: Your Patrol will be provided with a length of rope and asked to demonstrate the following:

Requirement #2) Tie a bowline. Explain when this knot should be used and why. Demonstrate how to teach it to another Scout.

Points will be scored for accuracy and time taken to tie the knot, participation and teamwork, following instructions. Each Patrol member will take a turn and tie an individual knot.

Patrol Flag

Hosted by the Tribe of Tahquitz. Your Patrol will visit the Patrol Flag assembly site and craft a new Patrol Flag. While the Tribesmen will be providing some natural materials collected from Camp Tahquitz to be included in your new flag, and will also have some additional materials available, it will be best for your patrol to bring the basics for a new flag. E.g., bring a flagpole and cloth, which will be assembled in the competition area. But it must be unadorned as the flag design may not commence until your patrol is working on the activity. This will be a judged competition. You MAY NOT enter your current patrol flag. Your patrol of course does not need to use the new flag as a regular patrol flag unless the Patrol decides to do so.

Mammals Lab

Your Patrol will be issued a time slot allowing for a visit to the MAMMALS LAB. This is a non-judged activity provided by CSULB to acquaint you with the Biology Dept. Located on the 1st floor of the Science Building. Possible signoffs of Webelos requirements subject to Patrol Advisors.

Swimming

See Cub Scout Swimming information on Page #11.

Sea Scout Information / Activities

The Sea Scouts will have the opportunity to compete in three special activities:

Log Rolling

Remote Control Boats

Sand Volleyball

Scout Information

The Scouts will have the opportunity to compete in six different Scout-skills competitions, go Climbing, enjoy special activities in both the Shark and Physics Labs, and craft new patrol Flags. They will also be pitting their camping skills against other units in Campsite and Gateway judging.

More fun: your Patrol will find some historical questions sprinkled throughout the competitive activities; correct answers are good for extra points!

Scout Activities

Bellflower Flood

The Rio San Gabriel has overflowed its banks once again and Bellflower Boulevard is flooded from sidewalk to sidewalk. Your Scoutmaster needs to cross the ‘crick without getting wet. Using the 3 provided hiking staves, your Patrol must find a way to make this happen.

Catalina Island

Mariners have been charting a course to and across Catalina Island since the 1600's using rudimentary compasses. Can your Patrol do the same? This event entails careful pacing and the use of a compass to find bearings.

Lakewood

The City of Lakewood epitomizes the post-World War II boom period of the 1950's. In 3 years, 17,500 new homes sprouted in the former farm fields. You had to pay attention to the daily changes and have a good memory to find your way home back then. How sharp are your Patrol’s observation and memory skills? (Kim’s Game)

Long Beach Gran Prix

Car races have been running through the streets of downtown Long Beach for 44 years. The pit crews have an amazing ability to quickly assemble a car. Can your Patrol keep up with the competition? Knowledge of basic knots and lashings (especially Square & Diagonal) plus teamwork will help get your car onto the track in record time.

Long Beach Quake

The Long Beach-area was hit with a massive earthquake 86 years ago. Many people were injured. If your Patrol was there at the time, what First Aid skills would you use to help them? Demonstrate First Aid skills through 1st Class rank.

Signal Hill

In the 1500's, Puva Indians used fires on the hilltop to signal other native tribes on Catalina Island and the San Gabriel’s. They had no knowledge of Semaphore.... does your Patrol?

Climbing

Your Patrol will want to visit the Climbing Walls inside the SRWC building. Instruction and equipment will be provided. Special Consent Forms on page #20 will be exchanged for an appropriate wrist band at the check-in station located near the pool-area entrance (SRWC). Limited to Scouts 13 and older. A specific time slot between 1-4 pm on Saturday will be allocated for each Unit. The Consent Form on Page #20 must be completed. Hosted by LBAC High Adventure Team.

Shark Lab

Your Patrol will be issued a time slot allowing for a visit to the SHARK LAB. This is a non-judged activity provided by CSULB to acquaint you with our local sharks and in how research is being conducted. There are real sharks, rays, eels, turtles, and various species of fish on display in large tanks. Underwater drones and submersibles will also be on display. Located on the 1st floor of the Science Building.

This is a "must see"!

Physics Lab

Your Patrol will be issued a time slot allowing for a visit to the PHYSICS LAB. This is a non-judged activity provided by CSULB to acquaint you with the Physics Dept. Located on the 1st floor of the Science Building. You will be able to construct a working electric motor- a requirement for the ELECTRICITY Merit Badge.

Patrol Flag

Hosted by the Tribe of Tahquitz. Your Patrol will visit the Patrol Flag assembly site and craft a new Patrol Flag. While the Tribesmen will be providing some natural materials collected from Camp Tahquitz to be included in your new flag, and will also have some additional materials available, it will be best for your patrol to bring the basics for a new flag. E.g., bring a flagpole and cloth, bring a flagpole and cloth, which will be assembled in the competition area. But it must be unadorned as the flag design may not commence until your patrol is working on the activity. This will be a judged competition. You MAY NOT enter your current patrol flag. Your patrol of course does not need to use the new flag as a regular patrol flag unless the patrol decides to do so.

Campsite Inspection

How does your campsite look? Are tents and dining flies erected correctly? In neat rows? Tidy inside? Appropriate spacing? Fire extinguishers and water buckets in place? An impressive Gateway? Safe Scouting practices in evidence? Food stored safely? This is a competitive event hosted by the LBAC Executive Board.

Gateway Judging

How are your Troop's Pioneering skills? Lots of good lashers? Creative minds? Let's see how they stack up against other Troops. Do your best!

Universal Patrol / Den Score Sheet

Event: _____

Unit # (JPST) _____ Patrol/Den: ___ # of Scouts: ___ Time: ___

<u>SRWC Docs</u> (for Climbing and Swimming)

This release form will need to be presented when checking in to climb or swim at the SWRC center and will be exchanged for a specific wristband:

SRWC Consent Form – Climbing & Swimming

RESERVATION # 66775
Office Use

ASI Recreation - CALIFORNIA STATE UNIVERSITY, LONG BEACH
RELEASE FROM LIABILITY, PROMISE NOT TO SUE, ASSUMPTION OF RISK, AGREEMENT TO PAY CLAIMS AND ACTIVITY AGREEMENT

In consideration for being allowed to participate, in any way, in the facilities, services, programs, equipment, activities, and events, including air and/or ground participation, of ASI Recreation (collectively "Activity"), on behalf of myself and my next of kin, heirs and representatives, **I release from all liability and promise not to sue** the State of California, the Trustees of the California State University, California State University, Long Beach, and their employees, officers, directors, volunteers and agents (collectively "University") and the Associated Students, CSULB and their employees, officers, directors, volunteers and agents (collectively "Auxiliary Organization") from any and all claims, **including claims of the University's or Auxiliary Organization's negligence** resulting in any physical or psychological injury (including paralysis and death), illness, property damage or economic or emotional loss I may suffer because of my participation in this Activity, including travel to, from and during the Activity.

I am voluntarily participating in the Activity. I am aware of the risks associated with traveling to, from and participating in the Activity, which include but are not limited to physical or psychological injury, pain, suffering, illness, disfigurement, temporary or permanent disability (including paralysis), economic or emotional loss, death and/or property damage. I understand that these injuries or outcomes may arise from my own or other's actions, inaction, negligence, conditions related to travel, or the condition of the Activity Location(s). **Nonetheless, I assume all related risks, both known or unknown to me, of my participation in this Activity, including travel to, from and during the Activity.**

I agree to hold the University and Auxiliary Organization harmless from any and all claims, including attorney's fees or damage to my personal property that may occur as a result of my participation in this Activity, including travel to, from and during the Activity. If I need medical treatment, I agree to be financially responsible for any costs incurred as a result of such treatment. I am aware and understand that I should carry my own health insurance.

I agree and understand that I am a currently enrolled CSULB student paying USU fees, non-enrolled "continuing" student , associate member, or affiliated member (collectively "Member") as defined by USU policies. If at any time I am an enrolled student paying USU fees and I am no longer enrolled, my participation in the Activity will be automatically terminated.

The Member, dependent children of the Member, and all guests of the member agree(s) to comply with all current USU Policies, Procedures, all posted rules and or instruction from the Activity's staff. Member also acknowledges the Policies and Procedures may be revised, supplemented or amended at the discretion of the University Student Union.

I grant permission to Associated Students and University to take and use visual/audio of me. Visual/audio images are any type of recording, including but not limited to photographs, digital images, drawings, renderings, voices, sounds, video recordings, audio clips or accompanying written descriptions. Associated Students and University will not materially alter original images. I agree that Associated Students and University owns the images and all rights related to them. The images may be used in any manner or media without notifying me, such as Associated Students and University sponsored websites, publications, promotions, broadcasts, advertisements, posters and theater slides, as well as non Associated Students and University uses. I waive any right to inspect or approve the finished images or any printed or electronic matter that may be used with the, or be compensated for them. I release Associated Students and University, including any firm authorized to publish and/or distribute a finished product containing the images, from any claims, damages, or liability which I may ever have in connection with the taking of use of the images or printed material used with the images.

The Associated Students, CSULB or the California State University-Long Beach reserves the right to suspend or terminate use privileges upon written notice.

I am 18 years or older. **I understand the legal consequences of signing this document, including (a) releasing the University and the Auxiliary Organization from all liability, (b) promising not to sue the University and the Auxiliary Organization, (c) and assuming all risks of participating in the Activity, including travel to/from and during the Activity.**

I understand that this document is written to be as broad and inclusive as legally permitted by the State of California. I agree that if any portion is held invalid or unenforceable, I will continue to be bound by the remaining terms.

I have read this document, and I am signing it freely. **No other representations concerning the legal effect of this document have been made to me.**
